

Pikesville Volunteer Fire Company

The Pikesville Volunteer Fire Company has been protecting Pikesville and the surrounding areas for over 120 years. Our fire station recently underwent a significant building renovation to help meet the needs required in today's fire service. While we received some state funding assistance and in-kind contributions for the project, we have a loan of more than \$1 million owed on the building.

Our fire engine is also almost 20 years old and our tower ladder truck is almost 15 years old. Both units are past the fire service standard lifespans and will need to be replaced in the near future, for a total potential cost of \$1.75 million.

Please help us to continue helping you by purchasing a brick to proudly be displayed on the walkway entering the new community room of our fire station.

A standard single brick is a 4" X 8" brick and may contain **up to three lines of text with a total of 15 characters per line** (spaces and punctuation count), **OR** a graphic. Graphics may be restricted to sizing. Lettering will be all uppercase, universal font and centered on the brick. Bricks will all be a standard red color.

We also have 8" X 8" bricks available for purchase. They may contain **either a logo and/or up to six lines of text**. If you are choosing the logo, please send the logo artwork (jpg or pdf) to bricks@pvfd32.org. Remember to include your name and contact information in your email.

Bricks may be ordered through our website at www.pvfd32.org/bricks.html, or by filling out this form and mailing or dropping it off to the firehouse -

Pikesville Volunteer Fire Company
40 East Sudbrook Lane, Pikesville, MD 21208
ATTN: Brick Committee

If you have any questions, please call the firehouse at 410-486-2668 and ask for Allen Roody, Michael Schwartzberg or Dr. Sean Berenholtz.
